About Environment Management Audit

Environmental auditing promotes financial savings through reduction of resource use. It gives an opportunity for the development of ownership, personal and social responsibility for the students and teachers. Thus it is imperative that the college evaluate its own contributions toward a sustainable future.

As environmental sustainability is becoming an increasingly important issue for the country, the role of higher educational institutions in relation to environmental sustainability is more important.

The periodic review of your campus environmental performance allows you to identify and remedy potential compliance concerns and other longer-term concerns (issues requiring some form of clean up and/or remediation)

An environmental audit and corrective action plan will help you maintain environmental compliance throughout your supply chain and protect your institutes reputation. Ensure that the companies institutes you work with are operating legally under local laws and ISO 14001 best practices, and reinforce your image as an environmentally-conscious institute.

The ISO 14001 family of standards includes:

- Legal requirements and risk assessment
- Environmental management system
- Solid and hazardous wastes
- Waste water
- Air emissions
- Nuisance
- Energy use, water use, CO₂ emissions

About Matoshree Vimalabai Deshmukh Mahavidyalaya:

Matoshree Vimalabai Deshmukh Mahavidyalaya, is one of the oldest colleges in Amravati region. It is run by Shri Shivaji Education Society, Amravati's the biggest education society in Maharashtra and affiliated to Sant Gadge Baba Amravati University.

It is completely operational under the precious guidance of Principal **Dr. Smita R. Deshmukh**.

The college is established in the year 1956 with the recommendation of Radhakrishnan Commission as a **Rural Institute**. The main objective of Rural Institute is to break down economic and geographical barriers which prevent the rural population from taking full advantage of higher education and to help in bridging the gulf which unfortunately exists in our country between culture and work, between humanities and technology and between the practical and the ideal. However, in 1971 the nomenclature of the college is changed as College of Rural Services which is further changed in 1998 as **Matoshree Vimalabai Deshmukh Mahavidyalaya**.

The college is running **B.SC (Science), B.Sc. (Home Science), B.A.** courses affiliated to SGB Amravati University.

The college is the study Center of **Yashwantrao Chavan Maharashtra Open University, Nashik**. Under it **B.Lib.Science., M.Lib.** In library Information Science Courses are run successfully by the college.

The students are also having facility of getting education at Junior college level including **XIth, XIIth** in **Science, Arts and Commerce** faculties and **H.S.C.V.C.** courses in three trades viz **Marketing & Salesmanship, Cookery and Medical Laboratory Technology**.

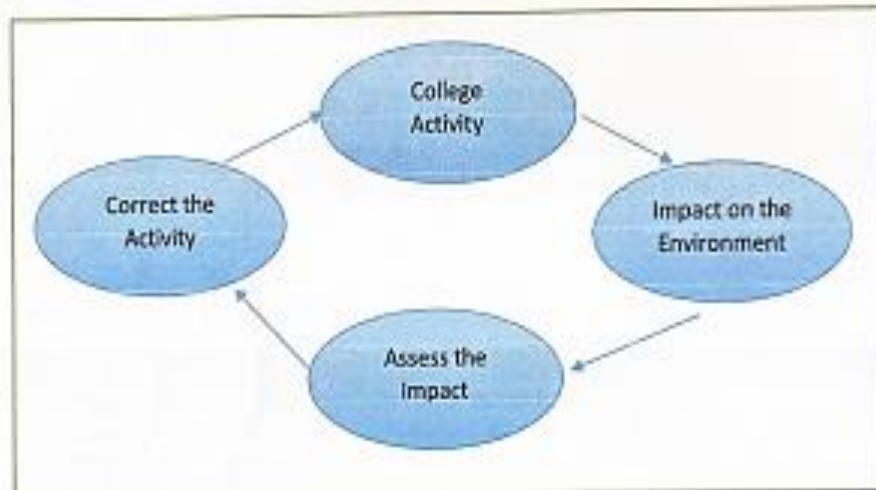

Benefits of the Audit:

- Facilitating comparison and interchange of information between operation or plants.
- Increasing employee awareness of environmental policies and responsibilities.
- Identifying cost-savings including those resulting from waste minimization.
- Evaluating training programmes and providing data to assist in training personnel.
- Providing an information base for use in emergency response arrangements.
- Assuring an adequate, up-to-date environmental database for internal management awareness and decision making in relation to plant modifications, new plans, etc.
- Helping to assist relations with authorities by convincing them that complete and effective audits are being undertaken, by informing them of the type of procedure adopted.

Objectives of the Audit:

Environmental auditing is a process whereby an organization's environmental performance is tested against its environmental policies and objectives.

- Environmental education through systematic environmental management approach
- Improving environmental standards
- Benchmarking for environmental protection initiatives
- Sustainable use of natural resource in the campus.
- Financial savings through a reduction in resource use
- Development of ownership, personal and social responsibility for the College campus and its environment
- Enhancement of College profile
- Developing an environmental ethic and value systems in young minds.
