---

- **ICT:** Information and communication technologies (ICTs) are the technologies used in the conveying, manipulation and storage of data by electronic means.
- **ICT for students:** ICT stands for 'Information Communication Technology'. Everyday usage of digital technology includes when you use a computer, tablet or mobile phone, send email, browse the internet, make a video call - these are all examples of using basic ICT skills and technology to communicate.
- **ICT Skills:**

Studying ICT (Computing Science) at third level means you will develop more advanced skills and knowledge. You will deepen your knowledge of technology and how it works. You will learn practical skills like coding/programming and gain a theoretical understanding of topics like computer science and web development.

ICT skills are in demand by employers in many sectors. It is widely acknowledged that there are skill shortages in the ICT area by employers, industry experts and Government officials alike.
